Dear fellow dancers

RE: Outreach Committee

I am contacting you in my capacity as General Secretary of ESSDA and Chair of the OUTREACH committee. This committee has just been formed in order to encourage s-s competitive dancing across Europe.

The aims of the OUTREACH COMMITTEE are the following:

- 1- To establish links between ESSDA and those European countries which are still developing s-s dancing and that do not have a national representative body;
- 2- To encourage cross-communication and exchange of ideas;
- 3- To develop strategies to raise the profile of s-s competitive dancing in those countries where s-s competitive dancing is a new sport;
- 4- To find creative ways of bringing more social dancers to the competitive dance floor.

Please let us know if you are willing to participate in this Committee. Alternatively, can you suggest someone from your town or country who may be interested in getting involved?

Also, if you have contacts in any other countries where same sex dancing is developing and you think they would be interested in participating in this committee, please pass on this invitation to them.

At this stage, we are considering communication through email and possibly a meeting scheduled at the next Gay Games. The workload is expected to be very light.

Regards,

Angelo Berbotto
